

With the College of Engineering vision on research excellence and technology innovation, we aim to cultivate potential candidates in becoming creative and innovative leaders in this global society.

Summer Research Program is a summer program that welcomes all university students, both undergraduates and graduates, around the globe. This will be a two-month research experience under the guidance of a faculty advisor from College of Engineering. Each participant will working collaboratively with their advisor on an on-going research project or a new project of mutual interests.

The program offers a great opportunity with the mixture of cultural experiences, academic achievements, and social outings. During the two-month program, you will work along with local students on conducting research projects. This program also arranges field trips of places around Taiwan. Join us this summer and meet fellow participants around the world.

Admissions

Summer Research Program is open to current enrolled university students overseas. Applicants will be accepted to one of the six disciplines under College of Engineering that best match their interest of study. Each student admitted will complete the program under the advisory of a professor. **We also provide limited candidates with Global Engineer Leadership (GEL) scholarship with subsidized round trip airline tickets up to NTD 15,000 and free accommodation at university residence hall.**

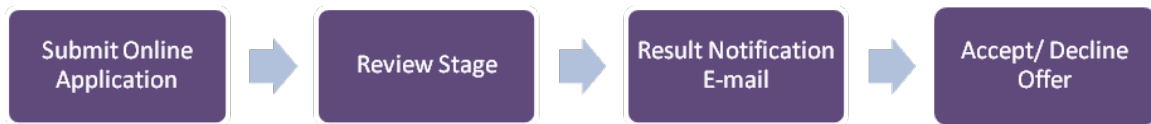

- Chemical Engineering
- Power Mechanical Engineering
- Materials Science Engineering
- Industrial Engineering and Engineering Management
- Nanoengineering and Microsystems
- Biomedical Engineering

Program Dates

Session I: May 12- July 14, 2014

Session II: June 23- August 25, 2014

Application Process

Submit Your Application

Apply online (click) for Summer Research Program, and upload all materials in a **single PDF file**. Please ensure all information provided is correct, and changes will not be allowed after submission.

Upload the application materials in a PDF file (2M max file size)

1. Statement of Purpose
2. Resume (CV)
3. Official Transcript
4. Supporting Materials (letters of recommendation, examples of written work, etc.)

Application Deadline

The application deadline for Summer Research Program will be **December 15**. Submit your application no later than the deadline, and only completed applications will be reviewed.

Application Timeline

Important dates for applicants to Summer Research Program 2014.

Deadlines	
Application Period	November 1 – December 15
Decisions Release Online	Mid-February
E-mail Notification	February

*Taiwan Standard Time

Housing

Housing will be a primary concern for most people coming to a new place. There are two housing options for program participants during your stay at National Tsing Hua University. **Additional cost will apply depending on your accommodation of choice.**

A. University Residence Halls

There are overall 22 residence halls and the average building age is 30 years old. Student Housing Office reserves the right to assign applicants to any **residence hall and room option** based upon space availability.

- Single gender buildings divided into undergraduate residence halls and graduate residence halls.
- Twin rooms & quad rooms with loft beds.
- Furnished but no bedding provided.
- Public bathroom, TV lounge, and other shared appliances (microwave & water dispenser).
- Laundry facilities.

B. 10th Floor of Dormitory Ching (Qing)

It is a newly remodeled dormitory with two type of rooms to choose from, single and twin bedroom. 10th Floor of Dormitory Ching is specially designed for international students coming overseas with short term accommodation needs.

Options:

1. Single bedroom with independent bathroom and a compact refrigerator.
 2. Twin loft bedroom with shared bathroom.
- All rooms are furnished and bedding provided (including mattress pad, comforter & pillow).
 - Shared common area & appliances: TV lounge, microwave, water dispenser.
 - Laundry facilities.

Estimated Housing Prices

The recipient of GEL scholarship will receive free accommodation at university residence hall, but has the option to change to dormitory Ching with subsidy of NTD 6000.

10th Floor of Dormitory Ching		University Residence Hall Rate varies from halls, grades & length of stay	
Single	NTD 900/day	Undergraduate	NTD 3000-9000/two month
Twin	NTD 550/day	Graduate	NTD 8000-10000/two month

*For most accurate rates, please refer to NTHU Student Housing Office.
